Note from ScootAround to SATH congress delegates

ScootAround donates a scooter to a SATH member

Jan 26, 2011

Fellow SATH members,

Greetings from Scootaround Founder and CEO, Lee Meagher – and President and COO, Kerry Renaud.

It is with great pride that Scootaround is able to continue in our long standing tradition of supporting the SATH World Congress. Scootaround has has the pleasure of working side by side with SATH for more than 10 years in raising awareness of the issues that relate to mobility and to assist in the work being carried out for the betterment of our very special community.

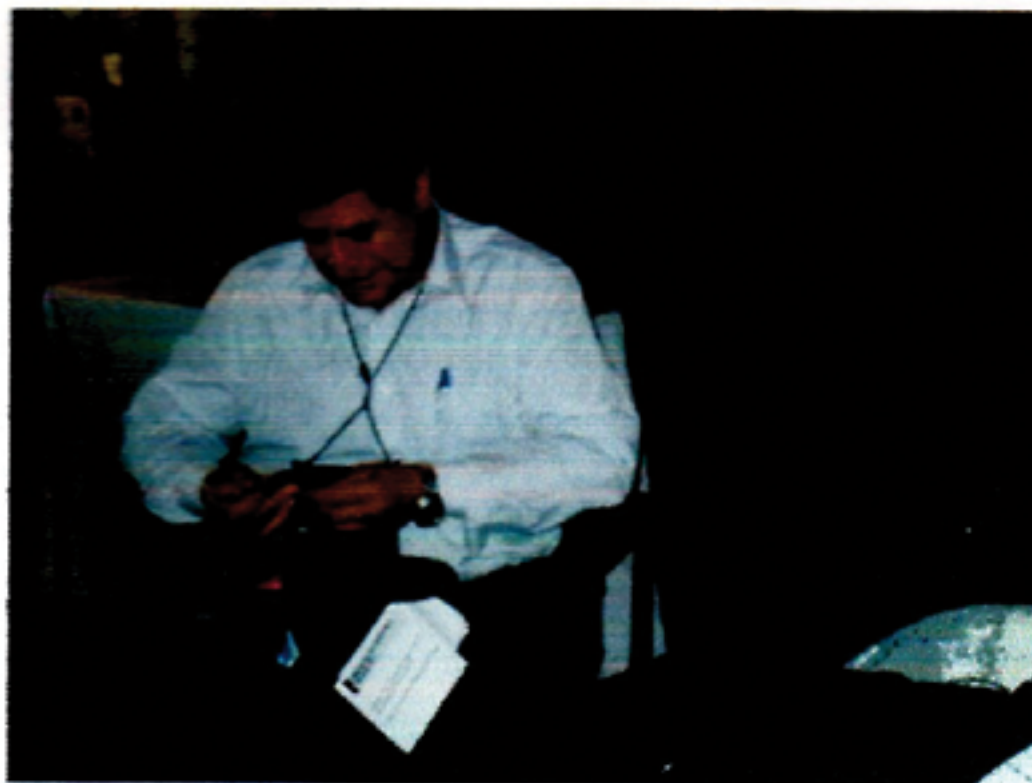

As we enter 2011, we are encouraged by ongoing developments in the mobility equipment industry as manufacturers continue to enhance their products to better serve travelers who rely on their services – not only for travel, but in day-to-day living. Scootaround continues to be a voice for the traveling consumer and an advocate for those who are looking for better and easier ways to be mobile.

In that regard, it gives us great pleasure to give back to our community by providing a brand new Mobility Scooter to a fellow SATH member who is present with us on this cruise. We offer a special word of thanks to the Pride Mobility Corporation who has partnered with us for this scooter presentation. Working together with Pride Mobility, Scootaround is able to provide the traveling public the best and most reliable equipment for our services all across North America. If you need a scooter or wheelchair anywhere in North America, Scootaround can help!

So without further ado, please join us in a round of applause as we present this wonderful new Mobility Scooter to Alfonso Morales, from Ecuador, owner of [Hostal Familiar Las Granadillas](#)

Alfonso Morales with his new Scooter.

Thank you Scot Around and Pride Mobility!
